Languages: HTML, CSS, JavaScript

Frameworks: Tailwind CSS, React (learning)

Tools: Git, Github, VS code

Others: Responsive Design, DOM manipulation , Debugging

EXPERIENCE

Frontend Engineer

Remote

Utiva

06/2024 - 10/2024

Utiva is a leading edtech company that empowers individuals across Africa and beyond to acquire digital and tech skills through flexible, remote learning. With a strong focus on workforce development, Utiva offers training programs in software engineering and more — helping learners transition into tech careers and thrive in the digital economy.

- Collaborated with a team to build responsive and accessible web pages using HTML, CSS, and JavaScript.
- Implemented UI components based on Figma designs, ensuring pixel-perfect accuracy.
Optimized pages for performance and cross-browser compatibility.
- Integrated basic JavaScript DOM manipulation to add interactivity to pages.
- Participated in code reviews improving communication and teamwork skills.
- Demonstrated problem-solving by debugging layout and styling issues independently.
- Contributed to improving user experience with feedback from mentors and team members.

EDUCATION

First School Leaving Certificate

Royalties International Christian Schools, Aba Abia State.

09/2013 - 07/2017

Senior Secondary School Certificate

Royalties International Christian Schools, Aba Abia State

09/2017 - 08/2023

KEY ACHIEVEMENTS

Completed Intensive Frontend Training

Successfully completed a project-based learning program focused on core web technologies like HTML, CSS, JavaScript, Git, and version control, demonstrating a strong ability to quickly learn and apply new concepts.

Improved UI Implementation Speed

Built and styled UI components from design mockups, reducing the average implementation time per section by 20% while maintaining pixel-perfect accuracy.

COURSES

Utiva Full-Stack development Bootcamp

LANGUAGES

English (Native)

Igbo (Fluent)
